PRIMARY SCHOOL

"A wonderful school!"

"This is what it must have been like in Bullerby – but maybe it's even more beautiful at the iDSB elementary school ..."

"Back in Germany, we realize every day that the time at the iDSB has helped our children in terms of their social behavior, their personality development and their learning level."

Main focus of our work

- Committed expert teachers and specialists
- Modern pedagogy based on the child's level of achievement
- Individual support at different levels
- Guided self-directed learning starting in grade 1
- Promotion of foreign languages (French or English from grade 1)
- In-house pedagogical-psychological service (individual counseling, testing, support plans)

YOUR CHILD IS OUR FOCUS

This is us

German and multilingual children with their individual needs and talents are welcome at our primary school.

That is important to us

Those who feel good, like to learn! Our family atmosphere, the encouragement of children's curiosity and respectful interaction with each other are the basis of the daily work of our dedicated and well-trained teachers and pedagogical staff. We see diversity as an opportunity and quickly integrate new students into our colorful school life. Trusting relationships between teachers and children and close cooperation between school and parents are of great importance to us.

How we learn and work

- Meaningfully designed transitions from our bilingual daycare into primary school and secondary school
- Successful transitions to German schools abroad and to the German education system
- Activities in and around Brussels
- Active support for foreign language learning in the host country Belgium
